Section C: Important notice

Please note that in terms of the Scheme Rules, the completed form and relevant supporting documentation need to be returned to the Scheme within 60 days of the birth or adoption of your child/ren. Contributions for your child will be due from the first day of the month, following the month in which he/she was born or adopted.

If you fail to do this, we are unable to register your child/ren as a dependant/s on the Scheme from date of birth or adoption. This means that the claims associated with your newborn's birth or any other claims for your child from the date of birth or adoption will not be covered and that you will have to personally pay for those claims.
