March 2020

Dear Doctor and practice staff

**Pathology testing for coronavirus (COVID-19)**

Please click [here](#) to view the communication that was sent to Health4me and OCSACare members regarding the coronavirus outbreak (COVID-19).

We also recommend that pathology testing of members belonging to all low-cost corporate scheme options that form part of the Momentum CareCross network should be sent to the [National Institute for Communicable Diseases \(NICD\)](#). Please note that any testing done at private pathology laboratories may incur out-of-pocket expenses for members.

In light of the COVID-19 pandemic, we are considering adding telephonic consultations to the range of benefits and will advise of the outcome and rates in due course. At the moment, only face-to-face consultations are covered for the Momentum CareCross network options.

Please feel free to contact us for any related queries by email at [network@momentum.co.za](mailto:network@momentum.co.za) or [drnet@momentum.co.za](mailto:drnet@momentum.co.za).

Kind regards

**Louvaine van Rensburg**  
**Provider Engagement**
